TAC

In response to the COVID-19 worldwide pandemic, the Temiskaming Art Gallery re-imagined our 2020 Art in the Park summer festival. We are inviting artists from all over the world to join us in the creation of temporary art installations during the summer of 2020. The subject or 'canvas' for these installations are trees. By decorating trees we hope that you will connect with the nature around you and help your community recognize and celebrate the peace that nature brings to our lives. Like art, nature can be a place of calming and hope. In launching this call for submissions beyond the community of Temiskaming Shores this project aims to connect those who are apart during this difficult time.
